

What is SCORE

SCORE is a 3-year European project which will bring an innovative intervention in the framework of education of professionals in working with refugees & asylum seekers, in areas except the first entrance and hot spot areas.

This kind of professionals could be service commissioners and providers working in local authorities in children's and adults' services, who would benefit from receiving specific training and support by VET teachers & trainers. It will also be of interest to asylum seeker & refugee organizations and voluntary organizations in these areas. The project will also help educate the local societies on the refugee humanitarian problem.

The project started on September 2017 and ends on August 2020.

SCORE's Aims

To provide a new type of education to community and health workers, in the field of effective contact with refugees, and to any other volunteers.

To bring to the participants a greater understanding and responsiveness for the vulnerable groups, such as refugees

To encourage these professionals have a more active participation in society, for refugees

To promote to the participants a more positive attitude towards the EU values

To raise awareness in local communities about refugees

Multiplier Event in Perugia

On 26th of September 2019, the Multiplier Event for SCORE project took place in Perugia, Italy. The event was organized by Forma Azione and Arci, project partners in Italy.

The aim of the Multiplier Event was to present the outputs and the main results of the project. The representatives of Forma Azione and Arci presented the curriculum of the training course, which aims at enhancing the skills of community and health workers to protect health of refugees and asylum seekers.

Most of the participants were representatives of organizations working with refugees and asylum seekers, who helped the partners in collection of feedback about the curriculum.

On July 2020 will be implemented the Final Conference in Italy by Forma Azione.

Multiplier Event in Aarhus

On 1st of November 2019, SOSU Østjylland, project partner from Denmark, organized an open Multiplier Event in Aarhus.

The representatives from SOSU Østjylland, knowing the content and objectives of the SCORE project, presented the project idea and the objectives of the project to students and professionals at supplementary training at the social health school named SOSU Silkeborg.

It was an open event, in which many people came along during the day and showed interest for SCORE project. The participants had a lot of questions about the situation of refugees and immigrants in European Union and in Denmark, and a long discussion followed between them and the representatives from SOSU Østjylland.
